

Mount Pearl Lions continue to share their Blessings ! !

Post-Christmas activities mean more sharing ... more giving ... and more people served!

Lions attend the launch of the Mount Pearl Frosty Festival ...

This annual event is the largest winter carnival east of Montreal and runs from 6 February to 17 February with more than EIGHTY community activities!

“Everyone” gets involved with promoting and preparing for the festival ... City workers, politicians sporting their cultural seal skin products ... and of course more than 25 volunteer groups!

Lions assisted with organizing the original MP Frosty Festival, 37 years ago by establishing the festival and lighting the Frosty Flame! They continue to play a major role in planning and hosting events.

Multi-tasking works!

Multi-tasking is always the mode of operation for MP Lions. While at the Frosty launch, there was an impromptu discussion on the upcoming **Youth Opportunities Fund** application review with fellow Board member, Gary Frazer.

Look! An eyeglass collection box! It's a convenient time to check the box! To date, the 2018-19, Mount Pearl Lions have collected more than 2000 pairs of glasses and residents are calling to ask about the eyeglass recycling program!

Always plan for a positive future!

Routines are beneficial They don't just keep us busy ... they let us know what to expect!

While planning and carrying out the bigger projects, Mount Pearl Lions continue their routine activities. Although **Stamps** are not (yet) as plentiful, as in previous years, there were enough Christmas cards sent, to collect hundreds of stamps! With the upcoming February convention, the usual Clubs are sure to bring along their stamps. They also know what to expect!

Mount Pearl Lions Clear out their Closets ... for Choices For Youth and The Gathering Place

What started out as five bags and a lamp grew into a fine assortment of dress and general "winter" clothes with a few bonus household items. The winter coats, snowsuit, scarves and caps met with smiles.

CFY program Coordinator noted that they can never get too many blankets, and lamps! The sheet sets, fuzzy blankets, quilt and sleeping bags were welcome donations ... by staff and clients.
